

TOSHIBA

Wireless Stereo Earphones RZE-BT31E

SKU: RZE-BT31E

POWERFUL SOUND

We have used innovative technologies to develop this model that delivers stunning sound

quality. With built-in hands-free microphone, this model offers you powerful and crystal clear sound experience with noise reduction. Come and experience stereo sound with power highs and clear lows.

ENCHANTING DESIGN

It is ergonomically built so as to blend with your ears, offering powerful performance with unmatched comfort during all your activities. Product is made out of flexible and durable material for long lasting service. Available in 4 different colors to suit your persona.

POWER IN FREEDOM

RZE-BT31E offers you “freedom” to wirelessly pair with 2 Bluetooth devices at the same time. Supports Bluetooth 4.2 and compatible with most devices. Quickly connects to your devices and you can switch easily between devices using multifunction keys and have the freedom to choose what you desire to do, be it taking calls, chatting or sending a text while you listen to your favorite music.

RZE-BT31E offers a better range with stability. It offers robust connections at service distance of 8 m. This offers you the freedom to move around without your call or music dropping off. RZE-BT31E sports a 55mAh rechargeable battery that offers over 4 hours of talking and playback time. Supports direct charging through micro USB cable (included in box).
